- 1 Download and print the template from [essentials.co.za/diy/craft](http://essentials.co.za/diy/craft). Cut out two body pieces and two wings from white felt.
- 2 Place the wings between the body pieces, then sew around the body just in from the edge. Add a loop of thread to the head. Cut the triangle centre section from white felt and sew it on the front.
- 3 Decorate the centre triangle and wings with the glitter pen.
- 4 Cut out a circle of yellow felt for the halo. Make a small hole in the middle and thread the hanging loop through it. Glue on some lace trim to make it extra special.
